

Scope of Competence Considerations

Consider available **resources** throughout

Steps to Competence

Have I had the **graduate coursework** and/or **professional development** experiences necessary to give me foundational knowledge in this area?

Have I had the supervision experiences necessary to **demonstrate mastery** of pivotal skills in this area?

Am I **up-to-date on the issues** related to this area? This includes advances in our published literature, as well as knowledge of social issues related to the area.
